MEMORANDUM FOR: Chief, Arms Control Intelligence Staff

FROM: Director of Central Intelligence

1. What's being done about the short paper addressing compliance, which you mentioned in your 12 September 1983 memorandum to me, as something on which the NSC will send out a tasking memorandum shortly.

2. I have yet to see such a paper. I'd like to have the issues covered in the arms control briefing I'd like to lay on sometime next week.
